Membership Specials

our times a year Vegas PBS conducts on-air campaigns to encourage viewers who are not supporters to help fund the programs they enjoy. When we conduct surveys, many non-donors say they think we are funded by the federal government. While we do receive about 57 cents per person per year from the Corporation for Public Broadcasting, viewer donations vastly surpass this amount every year. Without major support from viewers, the programs you see on our channels would be greatly reduced.

Las Vegas includes many people who have worked professionally in our great performance venues, as well as arts patrons who have eagerly consumed these offerings. They tell us they look forward to the music specials that air during membership campaigns. This month's delights include classics like **Great Performances** following the creation of Lin-Manuel Miranda's pop culture Broadway phenomenon **Hamilton's America**. We will also present **Roy Orbison: Black and White Night 30** which celebrates the 30th anniversary of an iconic concert with a newly-edited tribute program featuring an all-star cast including T Bone Burnett, Elvis Costello, k.d. lang and Bruce Springsteen.

We are also delighted to bring you a number of new arts programs throughout the month. Country music star Travis Tritt performs unplugged at Tennessee's historic Franklin Theater in **Travis Tritt: A Man and His Guitar**, and Tom Jones performs his signature songs along with some new material with special guest Alison Krauss in **Tom Jones: A Soundstage Special Event.**

Masterpiece fans can relive the memories of **Downton Abbey** one more time during our encore broadcast of the **Downton Abbey Marathon**, from 9 p.m. on Thursday, March 9 to midnight on Sunday, March 12. We also hope drama fans enjoy the first season finale of **Victoria on Masterpiece** on Sunday, March 5 at 9 p.m., immediately followed by the **Victoria After Party**. March 5 is also the second season finale of **Mercy Street**, scheduled at 8 p.m.

Few filmmakers better capture the spirit of public television than Ken Burns. Join Tom Hanks, Henry Louis Gates, Jr., Doris Kearns Goodwin and more to pay tribute to the acclaimed documentary filmmaker in **Ken Burns: America's Storyteller**. The program also provides an exclusive look at his powerful new film — **The Vietnam War** — which premieres later this year.

During Rick Steves' Europe: Tuscany Marathon, viewers will enjoy three different episodes from **Rick Steves' Europe** that explore the cultural and artistic treasures of Italy, including wine country and its famous cuisine (of course). During the marathon, viewers will learn details about an exclusive Vegas PBS trip to the Tuscany region of Italy with guided tours of the historic towns and landmarks for a little dolce vita under the Tuscan sup

Educating Families

Vegas PBS utilizes the power of media to educate, engage and inspire lifelong learning by creating and delivering meaningful educational content. We are able to leverage your membership support to secure additional funding and grants, positively impacting hundreds of families each year.

Last summer, Vegas PBS Ready To Learn was able to utilize NV Energy Foundation grant funds to support 61 family engagement workshops at Las Vegas-Clark County Library District locations. In each workshop, facilitators modeled strategies to maximize the educational value of PBS KIDS programming, such as using closed-captioning and pausing television to discuss open-ended questions, make predictions, define new vocabulary and make connections. These workshops addressed literacy and Science, Technology, Engineering and Math (STEM) concepts through popular programs such as Martha Speaks, Odd Squad, and Peg + Cat. A total of 328 surveys were received in which 96.8% of the parents/caregivers stated they learned how to help improve their child's learning. One pleased parent exclaimed, "[I'm excited to] build upon a topic that my child is learning about while watching a program with math facts. Thank you for providing these programs to the community..."

In addition, Vegas PBS was recently awarded a grant from The Corporation for Public Broadcasting (CPB) and Public Broadcasting Service (PBS) to assist underserved communities with educational resources. Vegas PBS will work with community partners to give young children from low-income families a strong foundation in early science and literacy by implementing new PBS KIDS programming, mobile apps and digital games in creative learn-

ing workshops. These new family engagement workshops will use creative play to introduce both kids and grownups to exciting digital and tangible tools they can use to develop computation and STEM skills as they imagine, plan, design and create their own child-led projects.

44 I'm excited to build upon a topic that my child is learning about while watching a program with math facts..."

Furthermore, through local sponsorship, Vegas PBS is proud to continue the tradition

of the PBS KIDS Writers Contest while the national contest is on hiatus. Last year, we received a record-breaking 1,225 entries from students in kindergarten through fifth grade. Grade levels are judged separately by a panel of qualified professionals based on originality, creative expression, storytelling technique, illustrations and overall impression. The competition began in January and will conclude with an awards ceremony in May when awardees will learn their placements. The top three winners in each grade level will receive a trophy, framed enlargements of their work, and additional reading and writing resources. The deadline for entries is Friday, April 7, 2017 by 5 p.m. Rules and entry forms are available at VegasPBS.org/writers-contest.

Assisting families through focused, long-term partnerships and leveraging donor support is a key element in educating and empowering our community, and is a priority for Vegas PBS. Working together, we not only inspire, but also help ensure lifelong learning.

THIS WEEK'S PICKS

Africa's Great Civilizations

Monday, February 27-Wednesday, March 1 at 9 p.m.

Henry Louis Gates, Jr., provides a new look at African history, traversing the dawn of mankind to the dawn of the

20th century. The series is a breathtaking and personal journey through history that includes evidence of the earliest human culture and art, arguably the world's greatest ever civilizations and some of the world's earliest writing. Gates travels throughout the vast continent of Africa to discover the true majesty of its greatest civilizations. Beginning with Africa's ancient history as the cradle of mankind, he brings to life the epic stories of both little-known and celebrated African kingdoms and cultures. Gates demonstrates how Africa and Africans shaped not only their own rich civilizations but also the wider world.

Zoo Quest in Colour

Thursday, March 2 at 8 p.m.

First broadcasted in December 1954, Zoo Quest was one of the most popular television series of its time. It was the first time remote overseas locations and wild animals in their natural habitats had been shown on television, and it changed the way viewers saw the world, revealing wildlife and tribal communities that had never been filmed or even seen before. It also launched the career of the young David Attenborough as a wildlife presenter. Ten years before color television was seen in the UK, the series was thought to have been filmed in black and white; but thanks to a recent remarkable discovery in the BBC's film vaults, the best of David Attenborough's early adventures can now be seen as never before, in color.

Joe Bonamassa: Live from the Royal Albert Hall

Monday, March 6 at 9:30 p.m.

Guitarist Joe Bonamassa was opening for B.B. King when he was only eight years old and was a veteran of the road and gigging by the time he was 12. When he took the stage at Royal Albert Hall in May 2009, he fulfilled a dream he'd held since first picking up a guitar as a kid in upstate New York. The sold-out concert marked Bonamassa's headlining debut at arguably the most prestigious concert venue in the world. At the Hall, he had the added honor of being joined onstage by the legendary Eric Clapton and thrilled the audience with traded solos by two of the world's best guitarists.

Downton Abbey Marathon

Thursday, March 9 at 9 p.m. through midnight on Sunday, March 12

We have a little of our own March Madness lined up for you! Back by popular demand, for three delightful days, you can enjoy every single episode of this phenomenal series. Fall in love again with the Crawley family and their downstairs servants in a round-the-clock celebration. We first meet them in 1912 with the sinking of the Titanic, witness with them the tragedy of World War I and then move into the Roaring Twenties. Plump the cushions, pour the sherry and settle back into the world of the witty Dowager Countess, her "frenemy" Isobel, the Crawley sisters and their below-stairs counterparts.

THIS WEEK'S PICKS

Great Rift

Thursdays beginning March 23 at 8 p.m.

Visible from space, Africa's Great Rift Valley runs four thousand miles from the Red Sea to the mouth of the Zambezi – a diverse landscape

of erupting volcanoes, forest-clad mountains, spectacular valleys, rich grass-lands, vast lakes and mighty rivers. Home to the greatest concentration of animals on Earth – lions, crocodiles, elephants, hippos and flocks of flamingos – and pastoralists such as the Maasai – this is a land in constant geological turmoil. Great Rift takes you to another world – a world of exotic extremes, where the forces of nature have shaped the landscape and so created a hotbed of evolution. It is the very cradle of mankind.

The Coroner

Saturdays at 10 p.m. beginning March 25

After a sneak peak in February, we begin the official launch of this new crime series beginning with the first episode. Crime investigations against a stunning seaside backdrop are at the heart of this entertaining new drama that follows a high-flying solicitor who returns to live and work in the small town she escaped as a teenager. As coroner, Jane Kennedy's job is to investigate sudden or unexplained deaths in this beautiful English coastal community. With a new and intriguing case to investigate in each episode, starting with the discovery of a body, Jane finds herself having to work with old flame Davey Higgins, who is now the local detective sergeant. While Jane is talented and tenacious in seeking justice for the dead, her personal life is a bit more haphazard!

THIS WEEK'S PICKS

Midnight Muse - Las Vegas - Milestones in Music

Monday, March 27 at 10 p.m.

This special offers a heartfelt glimpse of what Las Vegas represents as told by entertainers who participated in the heyday of the 1960s up to this very day.

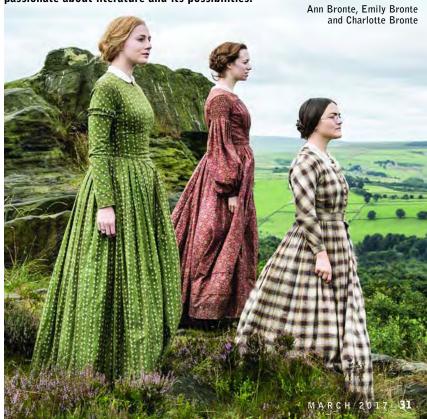

Las Vegas, known as the entertainment capital of the world, comes to life when you hear the stories of these wonderfully talented musicians and vocalists.

To Walk Invisible: The Bronte Sisters on Masterpiece

Sunday, March 26 at 9 p.m.

Against all odds, this famous literary trio had their genius for writing romantic novels recognized in a male-dominated 19th century world. Coming from obscurity to produce some of the greatest and most enduring classics of all time, Charlotte, Anne and Emily remain one the greatest literary mysteries in the world. The drama revolves around the three sisters' increasingly difficult relationship with their brother Branwell, who in the last three years of his life – following a tragically misguided love affair – sank into alcoholism, drug addiction and appalling behavior. It was from this difficult home environment that their remarkable literary output emerged. Their father, a clever and unusual man, grew up in an impoverished home, educated himself, and who was happy to encourage his children – irrespective of their sex – to become passionate about literature and its possibilities.

African Americans: The Las Vegas Experience

Sunday, February 26 at noon

Discover the momentous events that defined the African American experience in Las Vegas throughout the Civil Rights Era. These events altered the city's history and changed thousands of lives. For example, the Moulin Rouge Agreement of 1960 affected residents as it desegregated the city while the Westside Riot of 1969 rocked the entire community to its core. Our story intro-

duces individuals who are connected to these events and to each other. Featured interviewees include Claytee White, Dr. Earnest Bracey, Robert Stoldal, Dr. Sylvester S. Rogers, Jean Childs, Hannah Brown, Helen

Anderson Toland, Theron Goynes, Naomi Goynes, John Edmond, Agnes Marshall, Jarmilla McMillan Arnold, Ruby Amie-Pilot, Henry L. Reagan Jr., Leonard Polk, Claudette Enus, Jackie Brantley and Eva Simmons.

The Best of Trains Around America

Saturday, March 18 at 8 a.m.

For more than a quarter of a century, Great Scenic Railway Journeys and its creator, Robert Van Camp, have captured the world of Tourist Railway Adventures. In this anniversary special, Robert has selected his top 10 favorite rail journeys in North America. More than just a tour, these stories capture railroads as they defined the spirit of North America, creating a new industry and re-writing the history of North America's transportation. Hosted by Grammy-winning musician and storyteller David Holt, this program looks at our favorite profiles, telling the unforgettable stories of historic and scenic tourist railroads from across the country. Please see page 14 for details of a fun upcoming trip we are planning!

JACKPOT! SPOTLIGHT

Great Performances at the Met: Elektra

Thursday, March 16 at 9 p.m.

Richard Strauss' blazing tragedy about an ancient Greek princess hell-bent on revenge is performed by an extraordinary cast headed by Nina Stemme as the obsessed and bloodthirsty title character. Starring Waltraud Meier as Elektra's mother and the object of her fury; Adrianne Pieczonka as Elektra's sister, Chrysothemis; Eric Owens as her exiled brother, Orest; and German tenor Burkhard Ulrich, in his Met debut, as the corrupt monarch Aegisth. The opera is conducted by Esa-Pekka Salonen. The title role is demanding even by the composer's daunting standards: Once Elektra takes the stage near the beginning of the opera, she does not leave, portraying a wide spectrum of emotions and singing over an enormous orchestra throughout the

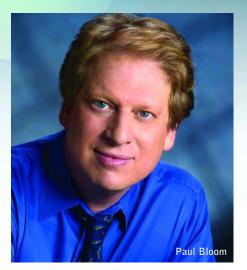

REWIND SPOTLIGHT

Pat Benatar & Neil Giraldo: The 35th Anniversary Tour

Thursday, March 9 at 10 p.m.

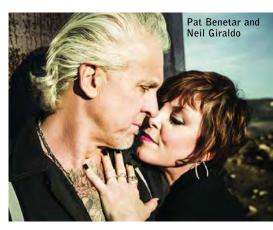

Powerhouse duo and rock 'n' roll legends Pat Benatar and Neil Giraldo showcase their undeniable chemistry and unprecedented sound at the Paramount Theatre in Huntington, Long Island. Celebrating 35 years of success, the concert special showcases the superstars behind one of the largest arsenals of rock hits, including "Love is a Battlefield," "Heartbreaker" and the signature "We Belong." Together, with Benatar's mezzo-soprano vocal range and Giraldo's trail-blazing work as a guitarist, producer and songwriter Pat Benatar and Neil "Spyder" Giraldo have forged one of the most successful partnerships in rock 'n' roll history.

WORLDVIEW SPOTLIGHT Global Ethics Forum

Saturday, March 4 at noon

How do global leaders make decisions? What moral codes guide them - and how do those codes evolve? This weekly television show is produced by the Carnegie Ethics Studio, a division of the Carnegie Council for Ethics in International Affairs. Each week, different experts navigate the murky moral landscapes presented by global politics, development, and international business. New episodes often confront challenges relevant to current events, while episodes in the Carnegie Classics series address longer-term ethical topics. In this week's episode, Against Empathy: The Case for Rational Compassion, Yale Psychology professor Paul Bloom says that we often think that empathy, our capacity "to feel someone's pain," is the ultimate source of goodness. Nothing could be farther from the truth, he argues. Why is empathy dangerous? What should replace it?

Why We Support Vegas PBS...

Land Rover Las Vegas and the great outdoors of Nevada have been partners for many years. We're equally proud of our partnership with Vegas PBS.

On our state's mountaintops, backroads, highways and city commutes, Land Rover defines what reliability and performance are all about. Our fabled workmanship and advanced technology can meet any driver's challenge.

We're excited to again be a major sponsor of Outdoor Nevada, which soon begins its second season on Vegas PBS. It's a program that introduces new generations of adventurers to the great settings and experiences of our state. Places that can reliably and dependably be reached in a Land Rover.
