A Message from the General Manager

Summer Specials

Every August, Vegas PBS presents the first on-air fundraising campaign of our fiscal year, encouraging viewers who are not yet members to help provide financial support for the programming they enjoy throughout the year. Additionally, we ask current members who are inspired by our on-air specials to renew their support or make an additional gift.

For this month's campaign, Vegas PBS has put together a tremendous lineup of musical performances from classic artists like the Grateful Dead, Dionne Warwick, Leonard Cohen, and Peter, Paul and Mary. Several shows for you to enjoy include superbly talented artists who appear frequently in Las Vegas, like Grammy-winning saxophonist Kenny G, Mediterranean guitarist Pavlo, and iconic tribute band Australian Pink Floyd. See page 14 or visit VegasPBS.org/tickets for details. Nostalgic viewers will especially enjoy heartwarming and hilarious retrospectives about the life and careers of some of America's most beloved artists: Fred Rogers and Betty White. See pages 8-9 for details.

In addition to programs designed to entertain and inspire, new local productions raise awareness of important issues facing Southern Nevada, along with unique outdoor excursions. **Nevada Week** continues its second month of programs airing Tuesdays at 7:30 p.m., exploring issues such as Ballot Question 3: The Energy Choice Initiative, Esports, higher education, land use, traffic, and the upcoming mid-term elections. **Inside Education** continues bi-weekly coverage of K-12 education in Southern Nevada, airing on its new night, Thursdays at 7:30 p.m. **Outdoor Nevada** concludes its third season with new episodes that help viewers discover iconic celebrity homes, the influence of the atomic age, desert gardening tips, yoga with baby goats, and thrill-seeking pursuits at the Stratosphere and Bootleg Canyon. Tune in Wednesdays at 7:30 p.m. for the adventure.

Beyond these recurring weekly productions, we present two local specials. The second installment of **#VegasStrong: Mental Health and Money** will focus on the release of funds to victims and survivors, along with how the continuing news coverage impacts victims and survivors. This special will air Friday, August 17 at 8:30 p.m. Additionally, the Nevada Broadcasters Association is providing all broadcasters in the state with a new half-hour documentary on the opioid epidemic, which will air on Channel 10 on Sunday, August 26 at 5 p.m. and Monday, August 27 at 10 p.m., followed by an encore presentation of the national program, **FRONTLINE: Chasing Heroin**.

Members tell us this breadth and variety of programming is why they continue to support Vegas PBS and rely on our services for educational and thought-provoking media that also entertains and inspires. This year, our total number of supporters has grown to nearly 17,500 individuals who actively support public television in Southern Nevada. We thank you for being part of that growing community and thank you for your support.

Tuesday, August 21 at 8 p.m.

This special takes a warm look at the life and career of the beloved television and film legend who celebrates 80 years in show business this year — officially the longest career in the history of TV. She produced and starred in the pioneering sitcom "Life with Elizabeth" and was a

Eva Hesse: American Masters

Friday, August 31 at 9 p.m.

As the wild ride of the 1960s came to a close, Eva Hesse, a 34-year-old German-born American artist was rising, one of the few women recognized as central to the New York art scene. When she died in May 1970 from a brain tumor, the life of one of that decades' most passionate and brilliant artists was tragically cut short. Through interviews and extensive archival imagery, the documentary not only traces Eva's path but engages in a lively investigation into the creative community of 1960s New York and Germany.

Understanding that quality education is a community commitment, Vegas PBS is there to ensure that educators and parents/caregivers have access to numerous resources for success and lifelong learning.

Did you know that Vegas PBS is dedicated to helping high school students become career ready? Through a state grant for distance education, Vegas PBS has partnered with the Nevada Learning Academy to offer **online career pathway courses** that can lead to career certifications, ensuring work readiness along with college readiness. Details and career pathway course options are available at nvlearningacademy.net. Along with this effort to ensure career readiness, Vegas PBS has received the American Graduate: Getting To Work grant from the Corporation for Public Broadcasting. Through this grant, and as a trusted resource and important partner in our community, Vegas PBS will provide a critical platform to shine a light on pathways to graduation and successful student outcomes after graduation.

“ Vegas PBS has partnered with the Nevada Learning Academy to offer online career pathway courses...”

For our younger students, Vegas PBS educational resources include the **PBSKIDS.org** website featuring interactive games, stories and adventures that families can enjoy together. The **PBS KIDS Video App** is where favorite PBS KIDS television series can be watched or streamed live anytime, anywhere for free. The **Vegas PBS KIDS** channel with television programming 24 hours a day is there to help young children learn important skills such as reading, math, science, problem solving and emotional skills. **PBSPARENTS.org** is filled with ideas and resources for parents like the Child Development Tracker and Crafts for Kids and is a place where parents and caregivers can find off-screen activities to extend the learning of PBS KIDS. Then there are **Mobile Apps** at PBSKIDS.org/apps, which provide more than 50 PBS KIDS mobile apps to ensure children can continue to engage with their favorite PBS KIDS programs and characters from a range of mobile devices.

We are also proud to provide educational resources for those with special needs. The Vegas PBS **Special Needs Resource Library** is a grant-funded, free-loan lending library available to all Nevada residents with special needs, their parents/caregivers, teachers and service providers.

This unique library houses thousands of resources addressing assorted topics such as: autism, blindness, deafness, developmental delays and more. Schedule an in-person appointment or check out media online for free delivery. Visit VegasPBS.org/special-needs/media to learn more. Nevada Week

Tuesdays at 7:30 p.m.

This new public affairs series provides in-depth exploration of the factors and hard facts that drive Nevada. The show goes beyond breaking news, headlines and tweets to cover a wide range of important issues such as health, water, transportation, arts and culture, education, economic development, family income, social services, economics, and of course politics. The program is hosted by Casey Smith, an award-winning journalist who has worked in Nevada broadcast news for nearly two decades. Rather than simply informing Nevadans of critical issues, the show will inspire and empower each viewer to make informed decisions or take personal action to impact the future of the state. *Encore broadcasts will air on Tuesdays at 11 p.m., Wednesdays at 4 a.m. and Sundays at 5:30 p.m.*

THIS WEEK'S PICKS

Ferguson, MO

POV: Whose Streets?

Sunday, August 5 at 11:30 p.m.

When unarmed teenager Michael Brown is killed by police and left lying in the street for hours, it marks a breaking point for St. Louis. Take an unflinching look at the Ferguson uprising, where citizens assert their right to live.

Midsomer Murders Season 6

Saturdays at 7:30 p.m.

Set in the deceptively idyllic fictional English county of Midsomer, this long-running suspenseful drama features an eccentric cast of characters, ubiquitous red herrings and quaint countryside scenery. At the heart of the show is the perceptive and meticulous criminal investigator Detective Chief Inspector Tom Barnaby (John Nettles). Season 6 opens with all-new episodes on **August 11**, beginning with a scandalous mystery. Isobel Hewitt is an affluent pensioner with a young lover. Duncan Golf is a GP in the Village of Malham Bridge who is rumored to be having an affair. When their corpses are discovered alongside one another by the river, Barnaby embarks on an investigation which uncovers a deep vein of resentment running through the village. *The series is pre-empted on August 18 for special pledge programming.*

FRONTLINE: Our Man in Tehran

Monday and Tuesday, August 13 and 14 at 9 p.m.

This two-part series with New York Times correspondent Thomas Erdbrink provides a fascinating and revealing view of life inside Iran. In part one, he shares with humor and curiosity a rare journey into a private Iran often at odds with its conservative clerics and leaders. Then in part two, Erdbrink experiences more surprising encounters inside the closed society. Whether protests about headscarves, visits to America or dreams of martyrdom, he gets Iranians to reveal the intricacies of their private worlds.

Betty White: First Lady of Television

Tuesday, August 21 at 8 p.m.

Enjoy a warm look at the life and career of the beloved television and film legend who celebrates 80 years in show business this year — officially the longest career in the history of TV. Lauded for her roles as the bawdy Sue Ann on “The Mary Tyler Moore Show” and the innocent Rose on “The Golden Girls,” Betty White is also an industry pioneer. She was the first woman to produce a national TV show, the first woman to star in a sitcom, the first producer to hire a female director and the first woman to receive an Emmy nomination. The film is packed with hilarious clips from her long career, along with comments from friends and co-stars, including Valerie Bertinelli, Tina Fey, Valerie Harper, Gavin MacLeod, Carl Reiner, Alex Trebek and many more. *Repeats Saturday, August 25 at 4:30 p.m.*

Person addicted to heroin

Broadcasters Opioid Documentary Monday, August 27 at 10 p.m.

Following the initiative from Governor Sandoval, this local documentary will bring awareness to the ongoing opioid epidemic, while presenting solutions for recovery. *Repeats Sunday, August 26 at 5 p.m.* The film will be followed by **FRONTLINE: Chasing Heroin** at 10:30 p.m. This searing, two-hour investigation places America's heroin crisis in a fresh and provocative light — telling the stories of people who struggle with opiod addiction, but also illuminating the epidemic's years-in-the-making social context, deeply examining shifts in U.S. drug policy, and exploring what happens when addiction is treated like a public health issue, not a crime.

FRONTLINE: American Patriot Tuesday, August 28 at 10 p.m.

This special goes inside the battle between a ranching family in the West and the fed-

eral government, examining how a simmering fight over land in Nevada and Oregon became deadly, invigorated a wider militia movement that continues to challenge law enforcement. Drawing on deep access to key people on all sides of the battle, the film traces the Bundy family's story as ranchers in the high deserts of Nevada, grazing cattle for generations on federal land and ultimately going to war against the government. What began as one family's dispute with the government over grazing fees has reinvigorated a national movement of self-styled militias and "Patriots." They believe the federal government has overstepped its authority, strayed from its founding principles, and is filled with agents they are duty-bound to oppose.

Three Steps to Incredible Health with Dr. Joel Fuhrman, M.D.

Sunday, July 29 at 12:30 p.m.

This special directly addresses the crisis of obesity and chronic disease plaguing America. More than 65% of Americans are overweight or obese — and that number is growing, just like our waistlines. Dr. Joel Fuhrman's health plan is not about will power — it is about knowledge and offers a healthy, effective and

scientifically proven plan for shedding weight quickly and reclaiming vitality and good health. The key to the program's success is simple: health = nutrients/calories. When the ratio of nutrients to calories in the food you eat is high, fat melts away. It will change the way you want to eat, enabling you to lose

more weight than you ever thought possible AND live a much healthier life. **Repeats on Sunday, August 19 at 8 a.m. and Saturday, August 25 at 8 a.m.**

Classical Stretch

Weekdays and Saturdays at 5:30 a.m.

This series delivers an effective total-body workout developed more than 10 years ago by Miranda Esmonde-White. Each half-hour episode features Esmonde-White, a former National Ballet of Canada dancer, performing her graceful routine in picturesque loca-

tions. Her method combines scientific stretching, PNF (a manual resistance technique), tai-chi, yoga, ballet, physiotherapy and chiropractic movements. The workouts incorporate a variety of standing, sitting, barre and floor routines designed to increase

strength and flexibility, relieve chronic aches and pains, build a longer, leaner and stronger body, and improve posture. They reach deeply into muscles and ligaments, unlocking rigid muscles one-by-one, and leaving the participant more flexible, relaxed and energized.

Africa's Great Civilizations

Sunday, August 26 from 5:30 a.m. to 1 p.m.

In this six-hour series, Henry Louis Gates, Jr., takes a new look at the history of Africa, from the birth of humankind to the dawn of the 20th century. This is a breathtaking and personal journey through two hundred thousand years of history, from the origins, on the African continent, of art, writing and civilization itself, through the millennia in which Africa and Africans shaped not only their own rich civilizations, but also the wider world.

Henry Louis Gates, Jr. and Dr. Edward Matenga take a closer look at Great Zimbabwe

Growing Bolder Season 4

**Wednesdays and Sundays at
11:30 a.m. beginning August 5**

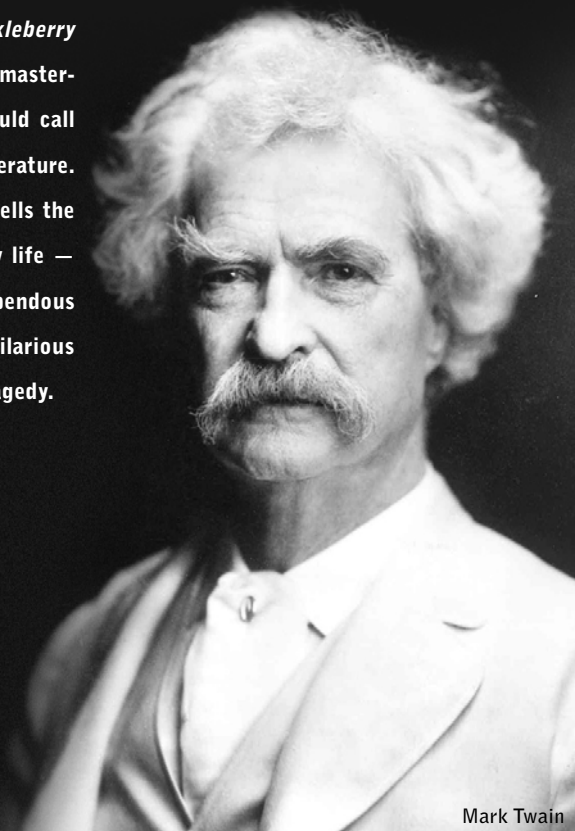

This inspiring series has flipped the narrative on aging, helping viewers to realize that it's never too late to make the rest of your life the best of your life. In an all new season this month, the series shares inspirational stories of ordinary people living extraordinary lives, proving that when it comes to living big, bold lives, it's not about age, it's about attitude. Learn of the athletic feats of John SeEVERS, who was born with birth defects in both legs. Despite the challenges he faces, John races hard against able-bodied swimmers, setting records in the process and showing that we're all capable of standing tall. **Repeats Wednesdays at 5:30 p.m.**

REWIND SPOTLIGHT

Mark Twain

Thursdays, August 30 and September 6 at 8 p.m.

Samuel Clemens rose from a hardscrabble boyhood in the backwoods of Missouri to become, as Mark Twain, America's best-known and best-loved author. Considered in his time the funniest man on earth, Twain was also an unflinching critic of human nature who used his humor to attack hypocrisy, greed and racism. He created some of the world's most memorable characters as well as its most quoted sayings. And, in his often-misunderstood novel *Huckleberry Finn*, he shared with the world the masterpiece that Ernest Hemingway would call the true beginning of American literature. This two-part film by Ken Burns tells the story of the writer's extraordinary life — full of rollicking adventure, stupendous success and crushing defeat, hilarious comedy and almost unbearable tragedy.

JACKPOT! SPOTLIGHT

Man with the Golden Arm

Saturday, August 4 at 9 p.m.

In this 1955 film, a strung-out junkie deals with a demoralizing drug addiction while his crippled wife and card sharks pull him down. Frank Sinatra's crescendo performance, culminating in the searing "cold turkey" sequence, is one of the most memorable kick-the-drug-habit performances ever put on film. Eleanor Parker is excellent as Frankie's controlling wife, ostensibly confined to a wheelchair from a car accident caused by Frankie. Her performance is the focal point of the film, as she uses her disability (which only the audience knows is a charade) to control Frankie's actions. His one shot at a legitimate career as a musician and happiness with the selfless Molly (wonderfully played by Kim Novak) is extinguished by his wife's controlling personality. This provides the film with the claustrophobic atmosphere that makes everything work.

WORLDVIEW SPOTLIGHT

Detectives

Wednesdays beginning August 8 at 6 p.m. and 7 p.m.

Philippe Roche (Philippe Lefebvre, "Tell No One"), of the quirky family-run private detective agency Roche and Son, has never been one to take a case for money, much to the dismay of his father Maxime (Jean-Luc Bideau). With his thrill-seeking, skirt-chasing, I-don't-give-un-sou-about-money attitude, Philippe has been running it into the ground, and the company is about to go under. To save his namesake business from ruin, Maxime sets up a partnership with Nora Abadie (Sara Martins, "Death in Paradise"), a no-nonsense former French intelligence officer, to bring some much-needed professionalism and discipline to the endeavor. But working with the rascally, albeit charming, Philippe, often proves to be as challenging as the cases. *In French with English subtitles.*
