A Message from the General Manager

CELEBRATING AFRICAN AMERICAN HISTORY AND LEGACY

February is the shortest month of the year and the last month of solar winter in our Northern hemisphere. Vegas PBS viewers will suffer no shortness of substantive programming or any frost that chills their spirit of exploration. We survive the winter by investing your generous donations in production producers whose work flowers this month to our delight and edification.

For our adventure seekers, we veer into the unknown with a lively explorer in **Expedition with Steve Backshall** airing on **Wednesdays at 10 p.m.** Backshall pushes his team to take us on descents into the caves of the Maya underworld and kayaking on Himalayan white-water. Wild discoveries continue with new episodes of **NOVA**, starting on **February 5 at 8 p.m.** with **NOVA: Polar Extremes**. In this episode, **NOVA** uncovers the bizarre history of the poles, from miles-thick ice sheets to warm polar forests teeming with life.

The roots of African American History Month trace back to 1915 and historian Carter G. Woodson. Woodson is credited with promoting February as the month of commemoration, after attending a celebration of the 50th anniversary of the 13th Amendment which abolished slavery in the United States. More than 100 years later, Americans continue to honor the accomplishments, hard work, history and sacrifices made by Americans with African ancestry.

Original programming on Channel 10 this month follows a number of notable African Americans who have left their legacy in our history. Starting with **Finding Your Roots: Slave Trade**, airing on **February 11 at 8 p.m.** Dr. Henry Louis Gates Jr. journeys to the unexpected places where the ancestors of his guests were scattered by slavery, upending their notions of African American history. On **Friday, February 14 at 11:30 p.m.** tune in for **Fannie Lou Hamer: Stand Up**, a documentary that examines the life of a civil rights legend and her work in the struggle for voting rights. **American Masters** has three specials for music fans this month – **Sammy Davis Jr.: American Masters** on **February 2 at 11 a.m.**, **Charley Pride: American Masters** on **February 7 at 11 p.m.**, and **Miles Davis: Birth of the Cool: American Masters** on **February 25 at 9 p.m.** With full access to the archives of the Miles Davis Estate, this film features never-before-seen footage, including studio outtakes from Miles Davis' recording sessions, rare photos and interviews.

Vegas PBS worked with the UNLV Libraries to produce a local history documentary, **African Americans: The Las Vegas Experience**. This program, available on the Vegas PBS website, documents the momentous events and civil conflicts that defined the African American experience in Las Vegas during the Civil Rights era. An extension of the documentary was created for local educators with a curriculum guide, also available on our website. We expect extensive use of these materials this month by local teachers and students.

Years ago, our Boards asked Vegas PBS to invest in content that reflects the changing interests, sophistication, and diversity of a community that historically doubles every decade. Your annual donations affirm that this effort is providing you with television content unlike anything on any other channel. It is programming that educates, enlightens, engages, informs and inspires. Your support makes these programs possible for viewers of all ages, including those who are personally unable to financially support this nonprofit educational service. Thank you for investing in Vegas PBS and savoring the highest and best use of the miracle of universally accessible American television.

Dog Tales February 12

Dogs have long been dependable companions by our sides. But it wasn't always that way — and a look at their closest living relative, the wolf, makes it clear why. Researchers reveal how humans tamed fearsome canines over tens of thousands of years, and how modern dog intelligence and behaviors have made them indispensable companions

Cat Tales February 19

They may have stolen many hearts — and the internet — but cats can be perplexing pets. As much cuddly and playful as they are aloof and uncaring, they've often raised the question: Did humans ever really domesticate felines? So why are we getting so little of it?

SUNDAYS

Downton Abbey Mini-Marathon

Concluding at 1 p.m. on February 2

It all comes down to this! Don't miss the final episode of the hit period drama. Romance abounds, but for some the year's end is bitter-sweet. The last ever episode ends with the family and servants preparing to welcome 1926 with an unforgettable New Year's Eve.

Miss Marple at 7 p.m.

February 2 brings part two of **The Moving Finger**. Then February 9 begins with the three-part mystery, **A Murder is Announced**. Everyone in Chipping Cleghorn is intrigued by the advertisement predicting a murder at Little Paddocks. But when the lights go out at the appointed hour, no one thinks it's a joke any more.

Howards End on Masterpiece at 8 p.m. concluding February 2

Two independent and unconventional sisters and the men in their lives seek for love and meaning as they navigate an ever-changing world. In the final episode of the series, Margaret is undaunted by Henry's past misdeeds. Helen leaves abruptly for Europe. Margaret and Tibby get Henry to help resolve issues at Howards End – where the three families have a showdown.

Theo James in Sanditon on Masterpiece

A Very British Romance with Lucy Worsley

February 9 and 16 at 8 p.m.

In this two-part series, Lucy Worsley delves into the history of romance to uncover the forces shaping our happily ever after. She explores the glamorization of romantic love that followed the emergence of the romantic novel in the 18th century by examining the works of Samuel Richardson, Fanny Burney and Jane Austen. Worsley discovers how medieval chivalry shaped Victorian courtship and explores the influence of valentine's cards and flowers on romantic lives. And she

uncovers the way that literary passions in novels translated into real-life desires, changing the way the British felt.

Sanditon on Masterpiece at 9 p.m.

Jane Austen was chronically ill with a mysterious disease in early 1817, when she started working on a witty and delightful novel set in a seaside town. She never finished it. Now, noted screenwriter Andrew Davies picks up Austen's plot and takes it in a glorious and satisfying direction, experience Austen's last work, where entrepreneurs, love interests, legacy hunters, hypochondriacs and medical mountebanks come together at a struggling resort aimed to be the next fashionable playground in early 1800s England. **(two episodes will air on February 23, first at 8 p.m. and the season finale at 9 p.m.)**

Vienna Blood at 10 p.m.

In 1900s Vienna, Max Liebermann is a brilliant young English-born Jewish student of the controversial psychoanalyst Sigmund Freud. Eager to study actual criminal activity, he is paired with the skeptical Detective Inspector Oskar Rheinhardt, who is struggling to solve a series of particularly gruesome murders. Between Max's extraordinary understanding of human behavior and deviance, and Oscar's practical experience, the two become an unlikely detective duo, called on to solve Vienna's most baffling cases.

COMMITTED TO EDUCATIONAL OUTREACH IN OUR COMMUNITY

Education is a central theme in the PBS experience, inspiring and educating viewers of all ages. Vegas PBS puts this into practice by providing quality educational outreach experiences and resources for educators, professionals, parents, and children. Through its educational media services, Vegas PBS serves to provide trusted, high-tech/high-touch services.

The Vegas PBS Special Needs Resource Library (SNRL) is one such service that delivers a powerful means of support for those with special needs, their families and service providers.

A grant-funded library, originally developed to provide descriptive video for the blind and closed captioning for the deaf, has grown to address a multitude of special needs such as autism, language delay, anger management, and many more. The resources provided in this free-loan library are available throughout the State of Nevada and collaboration with more than 40 entities and 70 schools is ongoing to ensure that the most up-to-date and essential resources are available. With more than 23,000 pieces of educational media circulated during the last year and 1,197 visits to the library, this library has proven to be a vital resource. The library is seen by appointment only. To schedule a visit, please call 702.799.1010, Option 7. A bilingual, customer friendly staff awaits you.

Vegas PBS' Ready To Learn program strives to improve children's learning through high-quality, high-touch educational resources designed with research and community needs in mind. In response to a national study that found nearly half of parents do not feel confident supporting their children's science learning, our team developed *The Cat in the Hat Knows a Lot About That!* Family and Community Learning workshops. A recent parent participant noted, "We liked the activities at the various stations. They were fun for my daughter, interactive, and helped her learn the concepts through discovery." Those interested in attending the workshops can find additional information on the Vegas PBS Ready To Learn website, vegaspbs.org/rtl. Ready To Learn is also engaging the community in Meet The Helpers, an initiative designed to introduce children to community helpers and practice emergency preparedness. Research has shown that introducing children to community helpers in a safe and fun environment can help them react better during times of crisis. Explore the video series and learn how you can use it in your home or school by visiting vegaspbs.org/families/resources-to-help-families-cope.

Additionally, Vegas PBS maintains a high-tech educational video and digital media library for teachers and students. One of the databases, PBS LearningMedia, is available for public use and can be accessed at vegas.pbslearningmedia.org. This digital library draws from a rich history of PBS programming, offering more than 100,000 videos, images, interactives, lesson plans, and articles in major subject areas. Optimizing learning for all ages, wherever learning is happening, by providing high-quality educational resources and outreach experiences adds significant value to our community.

THIS WEEK'S PICKS

Vicki Weaver before she was killed by an FBI sniper

Ruby Ridge: American Experience Sunday, February 2 at 11 p.m.

Charged with selling two illegal sawed-off shotguns to an undercover agent, Randy Weaver had failed to appear in court and law enforcement was tasked with bringing him in. For months, the Weavers had been holed up on their property with a cache of firearms, including automatic weapons. When federal agents crossed paths with members of the family, a firefight broke out. The standoff that mesmerized the nation would leave Weaver injured, his wife and son dead, and some convinced that the federal government was out of control. This is a riveting account of the event that helped give rise to the modern American militia movement.

NOVA: Polar Extremes Wednesday, February 5 at 8 p.m.

Join renowned paleontologist and host Kirk Johnson on an epic adventure through time at the Polar Extremes of our planet. Following a trail of strange fossils found in all the wrong places—beech trees in Antarctica, hippo-like mammals in the Arctic—Johnson uncovers the bizarre history of the poles. What caused such dramatic changes at the ends of the Earth? And what controls the dial on Earth's thermostat? Today, the Arctic is warming faster than anywhere else in the world and the way that the poles respond to a warming climate is one of the greatest wildcards in predicting our future climate. Johnson uses earth's history as a cipher to decode what is going on at our Polar Extremes today, and what the future may hold. Repeats Friday at 2:30 p.m.

Tuesday, February 11 at 8 p.m.

The sixth season of this remarkable series searches the family trees of a variety of trend-setting guests to reveal buried secrets. Nature: The Mighty Weasel

Wednesday, February 19 at 8 p.m.

The weasel is a carnivorous animal that has sharp, pointed canine teeth which are used for biting and shearing flesh. Although small, their teeth are incredibly sharp and are capable of delivering a fatal bite to animals more than double their size. The weasel family is often associated with unsavory behavior, but do these critters deserve this bad reputation? Follow the adventures of a first-time Stoat mom raising her kits and a tiny orphan weasel named Twiz on her journey back to the wild. *Repeats Thursday, February 20 at 2:30 p.m.*

Sanditon on Masterpiece

Sunday, February 23 from 8 - 10 p.m.

Jane Austen was chronically ill with a mysterious disease in early 1817, when she started work on a witty and delightful novel set at a struggling resort aimed to be the next fashionable playground in early 1800s England. She never finished it. Now, noted screenwriter Andrew Davies picks up Austen's plot and takes it in a glorious and satisfying direction. The final two episodes of the series will air back-to-back. In episode seven, Sanditon's regatta approaches and the success of the resort hangs in the balance—as do assorted romances. How will lovers fair in the marriage game? Then the series finale takes place on the night of the Midsummer Ball, where romance, jealousy and betrayal fill the air. Events conspire to leave Charlotte and the Parker family facing difficult choices.

Country Music Live at the Ryman, A Concert Celebrating the Film by Ken Burns

Friday, February 28 at 9 p.m.

In celebration of the eight-part country music documentary series by Ken Burns, this concert hosted by Burns features performances by Dierks Bentley, Rosanne Cash, Rodney Crowell, Rhiannon Giddens, Vince Gill, Kathy Mattea, Ketch Secor of Old Crow Medicine Show, Ricky Skaggs, Marty Stuart, Asleep at the Wheel, Holly Williams and Dwight Yoakam. In addition to live performances of iconic country songs, select clips from the series are shown throughout the evening. The concert explores country's roots while also highlighting the diversity of musical styles and artists that fall under the country music label, providing a taste of everything from western swing and bluegrass to honkytonk and cowboy music.

Nazi Mega Weapons Marathon

Sunday, February 16 from 10:30 a.m. to 5:30 p.m.

In a quest for world domination, the Nazis built some of the biggest and deadliest military hardware and malevolent technology in history. The hour-long episodes include: **V1: Hitler's Vengeance Missile** — the world's first cruise missile; **V2 Rocket** — how German rocket scientist Wernher von Braun heralded the birth of

ballistic missiles; **The Wolf's Lair** — Hitler's heavily protected command complex of bunkers and buildings; **The SS** — under Heinrich Himmler's leadership the SS becomes a terrifying cult that engineers Hitler's vision; Hitler's Megaships — Hitler orders the construction of two battleships that are more powerful

than anything else at sea; **The Siegfried Line** — one of the greatest fortifications in the history of warfare; **The Tunnels of Okinawa** — Imperial Japan built a network of defensive lines and fortifications across the island of Okinawa.

Call the Midwife Season 8 Marathon

Sunday, February 23 from 9:30 a.m. – 5:30 p.m.

Return to Nonnatus House in 1964, as the midwives continue their care of the poor in the East End of London. It is a time of change both in Poplar and throughout the world, and everyone is excited for the Queen's Royal Birth. With the additions of two new Sisters, who have been sent to live and work with the

team in Poplar, Nonnatus House feels full once more. The nuns and nurses face a variety of challenging issues such as interracial adoption, cleft palate and sickle cell. And a Poplar husband suffers inexplicable pains similar to his wife's pregnancy symptoms. For one of the nurses, romance may be on the horizon.

Jennifer Kirby, Helen George and Leonie Elliott

The Garage with Steve Butler

Wednesdays at 2 p.m.
beginning February 19

Steve Butler is an artist and furniture maker with more than 25 years of experience in the field. In his garage workshop, he'll teach you to make fun woodworking projects in a way that is accessible both economically and technically. No one should ever be intimidated or afraid to try and learn because they don't have all the bells and whistles. The idea is to have fun, be creative and make great objects without breaking the bank. It has a sense of nostalgia that harkens back to bygone days when folks would roll up their sleeves and get to work in their basements or garage workshops.

Great Performances at the Met: Madama Butterfly

Thursday, February 6 at 9 p.m.

Soprano Hui He plays the tragic title role with tenor Bruce Sledge as the naval officer who abandons her in Puccini's classic masterpiece. Pier Giorgio Morandi conducts Anthony Minghella's sweeping production. The opera tells the story of a young Japanese geisha who clings to the belief that her arrangement with a visiting American naval officer is a loving and permanent marriage. The opera takes place in the Japanese port city of Nagasaki at the turn of the twentieth century, where temporary marriages for foreign sailors were not unusual. The story triggers ideas about cultural and sexual imperialism for people far removed from the opera house. The lyric beauty of Puccini's score, especially the music for the thoroughly believable lead role, has made the opera timeless.

The Fight: American Experience

Thursday, February 13 at 9 p.m.

June 22, 1938. Though the Great Depression rages and war looms, the eyes of the world are on Yankee Stadium in New York City where German boxer Max Schmeling and American boxer Joe Louis are squaring off for the heavyweight championship of the world. The pressure on each fighter is enormous. Joe Louis is not only fighting for the honor of the country, he is holding the hopes of all of black America in his fists. For Max Schmeling, the fight will be a demonstration of Hitler's racial theories. Theirs was a rivalry that would draw in two nations inching closer to war and take the measure of two men who had been fighting all their lives, men who became reluctant symbols of equality and supremacy, democracy and fascism.

Nele Neuhaus Mysteries

Saturdays at 6 p.m.

This month we bring you a new German series based on the international bestselling mystery novels by Nele Neuhaus. Chief Inspector Oliver von Bodenstein (Tim Bergmann) and his subordinate, Mrs. Pia Kirchhoff (Felicitas Woll), investigate crimes in the mystical, fairy-tale setting of the Taunus mountain region of Germany. Oliver is married and struggles to raise a pair of teens, while recently divorced Pia lives with Devil — her beloved dog. In the premiere episode on February 1, Rita Cramer is killed in a mysterious traffic incident. Eleven years earlier, two young girls vanished from the village without a trace. In a trial based only on circumstantial evidence, Rita's 20-year-old son, Tobias, was convicted. After serving his sentence, Tobias has now returned to his hometown. Did the attack on his mother have something to do with his return? In German with English subtitles. **Repeats same days at 9 p.m.**

Why I Support Vegas PBS...

Janice Allen

As a 72-year Las Vegas resident, I can remember when we had no television, only radio. Now Vegas PBS is celebrating its 52nd Anniversary and they have various channels that run 24/7.

Vegas PBS has become a very important part of my life. I remember when it first went on the air! I immediately became a supporter.

I started sponsoring shows like Downton Abbey and have continued to this day and will continue into the future through my legacy gift of support. I am also proud to support the VEGAS PBS KIDS Writers Contest and speak on behalf of my favorite shows at various functions in our community.

I love Vegas PBS and it brings me so much pleasure to sponsor a show and I encourage all of you to join me. It is very easy, contact the Development Department at Vegas PBS and they will help you sponsor your favorite show.

I want to congratulate Vegas PBS for being ranked in the top three most viewed stations in the country for 11 consecutive years. Please join me as a proud sponsor of Vegas PBS.
