A Message from the General Manager

SPOTLIGHT SERIES EXPLORES FOOD AND CULTURE

n January we told you about the launch of the **Vegas PBS Spotlight Series**. The series will offer a quarterly focus on historical, cultural and political issues impacting our community through special PBS national programming and local productions and engagement events. This quarter, as Presidential campaigners debate immigration policies, we explore immigrant experiences in America through food and family. We also extend your programming experience beyond the living room with unforgettable experiences such as events with television personalities and program-related trips.

Last month, Vegas PBS hosted **Flavors of the Far East with Chef Marcus Samuelsson**. A special station studio event allowed more than 300 viewers to meet and participate in a Q&A with the acclaimed chef and host of **No Passport Required**. Attendees saw a live performance from the Li Lin Hong Chinese Music Ensemble featured in the national show and sampled Chinese-American cuisine from eight local restaurants also featured in the show. Dr. Sue Fawn Chung from the UNLV History Department summarized the impact of Chinese immigration to Las Vegas.

The **No Passport Required: Las Vegas** episode aired nationwide last month, celebrating our local Chinese-American culture, enterprise and cuisine reaching an estimated 800,000 viewers. If you missed it, catch this episode on video.vegaspbs.org or the PBS Video App before it expires on March 15. It will provide a guide to great local restaurants to visit! After that date, the program will appear only on Vegas PBS Passport. Then to round out our Asian cultural coverage, a **Nevada Week** program focused on Asian community issues. Other food cultures will be explored on **Julia Child's Best Bites**, Vivian Howard's **Somewhere South** and **Hubert Keller: Secrets of A Chef: #LovinLasVegas**. So loosen your belts and enjoy!

The emergence of alternative digital platforms allows Vegas PBS to offer additional programs outside our TV channels for exclusive on demand streaming. Vegas PBS produced a Spotlight cultural special in cooperation with the **UNLV Beverly Rodgers and Carol C. Harter Black Mountain Institute**. The program celebrates three local Vietnamese writers and artists who read their works and discussed the unique aspects of their Vietnamese identities in Las Vegas.

Another exciting opportunity will allow members to explore Greek culture, music and food. Vegas PBS is offering a Greece Island Hooper Land Tour to pair perfectly with **Rick Steves' Greece** episodes airing this month, **The Durrel's in Corfu** from **Masterpiece** and musician Pavlo. Departing Tuesday, June 16 and returning Monday, June 22, travelers will visit Athens, Corfu and Santorini. Members will explore ancient monuments and the cradle of democracy in Athens, **Masterpiece** recording sites on Corfu and attend a Pavlo concert on Santorini. Pavlo's most recent performance on Vegas PBS aired last January, and he recently joined us in studio offering tickets for over fifty members who attended his Las Vegas concert. As you know from watching his show, nothing can compare to personally experiencing a concert in the round overlooking the Aegean Sea atop the extinct volcanic caldera of Santorini! To learn more about this trip, visit vegaspbs.org/tickets or call 702.737.7500 to reserve your spot.

To all who have attended our Spotlight Series events, thank you for joining us in celebrating our community. If you have yet to join us, we look forward to seeing you at our next experiences. Thank you for everything you do to make these exceptional television programs possible for everyone.

ARTS & CULTURE

Great Performances at the Met: Turandot

Friday, March 20 at 9 p.m.

Enjoy Puccini's famed final opera with this epic fairytale production set in China from Franco Zeffirelli, starring soprano Christine Goerke in the title role. Yannick Nézet-Séguin conducts. The story has its roots in various folk tales about a princess who tests the worthiness of her suitors by posing a series of riddles and who has those who answer incorrectly killed. The characters of Ping, Pang and Pong are descended from the Italian tradition of commedia dell'arte that influenced much of the opera and drama of the 20th century. The unenviable task of completing the opera's final scene upon Puccini's sudden death was left to the composer Franco Alfano.

VEGAS PBS WELCOMES NEW DEVELOPMENT DIRECTOR

y name is Sal Carrera and I am proud to have the opportunity to serve you as the new Development Director for Vegas PBS. In this role, I will lead the fundraising efforts necessary to support the rich variety of high impact programs and services our station provides for the Southern Nevada community.

I am originally from Carpentaria, California, where I attended Cate High School and later, the University of California, Santa Barbara. From 1999-2009, I worked for large media companies in Santa Monica, CA, Las Vegas, NV, and Denver, CO, in various capacities including research, and local and national sales. For over a decade, I blended that love for broadcasting with education and led an innovative Denver Public Schools outreach program modeled in ten languages designed to engage parents through events, web streaming, social media, radio, tele-

vision and newspaper communications. After a tour of the Vegas PBS campus and seeing the noble work that the Vegas PBS team does firsthand, I was convinced it was time to return to Las Vegas with my wife of 15 years and two young children.

I am humbled by the confidence and trust bestowed on me to lead this philanthropic work. I believe in Vegas PBS' people, mission, vision, its valuable assets, the out-

standing high-quality programs. I am awed by the generous supporters who give so generously to make it all possible. Las Vegas has a diamond here and members can make the station stronger by ensuring that all your friends know what Vegas PBS does because of your gifts. Since arriving, team members have shared inspiring stories of how those lucky enough to watch our programming, attend community events or educational workshops have benefited from this unique and profoundly impactful organization.

Last year, Vegas PBS accomplished and reached many in our community through the following efforts:

- 1.3 million monthly viewers of our six TV and cable channels
- 2.2 million views of our online web pages
- 800,000+ educational media streams (video + digital services) for teachers in classrooms
- 156,000+ children, parents and caregivers reached through Ready To Learn workshops
- 23,000 media resources loaned from our Special Needs Resource Library
- Over 9,000 adults enrolled and certified in 320+ online career certification programs
- Over 400 hours of locally produced content
- Ranked in the top 3 most watched PBS stations in the country, for eleven consecutive years
- Offered more than 50 unique events and ticket offers for members annually

As a supporter, sponsor and viewer of Vegas PBS content, will you help us spread the word about these accomplishments to the individuals, corporations and organizations that surround your daily life? You can contact me at scarrera@vegaspbs.org or 702.799.1010 x5332. Thank you and I look forward to meeting you in person at our next event.

Xavier Riddle and

The Secret Movie: I Am Madam President Monday, March 16 at 9 a.m.

This inspiring series follows the adventures of Xavier, Yadina and Brad as they tackle everyday problems by doing something extraordinary: traveling back in time to learn from real-life inspirational figures like Marie Curie, Harriet Tubman and Jackie Robinson when they were kids. Each adventure will help young viewers make the connection between the skills that made these historical figures heroes and those same qualities within themselves, helping them discover that they, too, can change the world.

In celebration of Women's History Month, we are airing a new one-hour special. Xavier's sister Yadina meets some of the boldest women in history and learns how to do something that's never been done before. *The special will be repeated several times between March 16 and March 22.*

Julia Child's Best Bites

Monday, March 2 at 8 p.m.

She was quirky. Unpolished for television. Irresistibly whimsical and wholeheartedly devoted to the art of French cuisine. Premiering in 1963, "The French Chef" taught a nation of Shake 'n Bakers who didn't know their Boeuf Bourguignon from their Bouillabaisse how to cook well, eat well and drink well. In 200 informative and unforgettably entertaining episodes, Julia Child changed palates and food preparation habits. In doing so, she singlehandedly paved the way for today's culinary experts, who sauté and puree on hundreds of cooking shows around the world. In this new special, today's most popular chefs, celebrities and Julia devotees have joined PBS to share personal insights and engage in light-hearted conversations as they screen — and delight in — Julia's most-beloved episodes.

Nature: Super Hummingbirds Wednesday, March 4 at 7:30

Hummingbirds represent one of nature's most interesting paradoxes — they are the tiniest of birds, yet they qualify as some of the toughest and most energetic creatures on the planet. New knowledge gained from scientists currently making great breakthroughs in hummingbird biology makes this a per-

fect time to focus on these shimmering, flashing jewels of the natural world. Stunningly beautiful high-definition, high-speed footage of hummingbirds in the wild combined with high-tech presentations of their remarkable abilities help us to understand the world of hummingbirds as we never have before.

THIS WEEK'S PICKS

Great Indian Railway Journeys Mondays, March 16 and 23 at 10 p.m. and 11 p.m.

In this engaging four-part series, travel guide Michael Portillo returns for another adventure, this time in the land of ornate palaces and majestic mountains. With a century-old Bradshaw's Handbook of Indian, Foreign and Colonial Travel tucked under his arm, Portillo rides some of the world's most exhilarating trains through India's "Golden Triangle." Along the way, he visits the world's largest free kitchen, takes a camel ride across the desert, pitches in at a game of cricket, participates in a classical kathak dance class and meets with the maharaja in a beautiful palace. As he explores the British-engineered railways of the subcontinent, Portillo learns how they inadvertently spread messages of independence throughout India. *Repeats Thursdays, March 19 and 26 at 3:30 p.m. and 4:30 p.m.*

Michael Portillo

Niall Ferguson's Networld Tuesday, March 17 from 8 p.m. to 11 p.m.

This groundbreaking new series hosted by Niall Ferguson will air on one evening back-to-back. Based on his bestselling book "The Square and the Tower," Ferguson visits

Niall Ferguson

network theorists, social scientists and data analysts to explore the history of social networks. From the Reformation and 17th century witch-hunting, through the American Revolution and to the nightmare visions of Orwell's "1984," Ferguson explores the intersection of social media, technology and the spread of cultural movements. Reviewing classic experiments and cutting-edge research, Ferguson demonstrates how human behavior, disruptive technology and profit can energize ideas and communication, ultimately changing the world.

THIS WEEK'S PICKS

Earth's Sacred Wonders: House of the Divine

Wednesdays at 10 p.m. beginning March 25

Many of the world's best-known landmarks have been inspired by faith, some as sanctuaries for quiet contemplation and others featuring extraordinary deeds of devotion. This series explores what people do for faith in some of the most stunning sacred places on Earth. In this episode, visit Angkor Wat in Cambodia, where a man believes the temples are home to his ancestral spirits and risks his life to save them from the jungle. At Al-Aqsa in Jerusalem, a young Muslim paramedic battles his own hunger and exhaustion to help other fasting worshippers during Ramadan. And at the Shaolin Temple in China, a Buddhist warrior monk faces a test that will change the course of his life.

Somewhere South

Fridays at 9 p.m. beginning March 27

Join celebrity chef, author and restaurateur Vivian Howard in this new six-part series, exploring dishes that are uniting cultures and creating new traditions across the American South. Vivian travels the changing South in search of the dishes that connect us all — dumplings, hand pies, porridge and more — but which are expressed in delightfully different ways across cultures. With each episode, Vivian finds that although we're different, our appetites are very much the same. In North Carolina, Vivian samples the collard sandwich, a staple of Lumbee Indian cuisine, and travels to West Virginia to sample the pepperoni roll, a regional convenience food made popular by coal miners. In Charleston, S.C., Vivian enjoys grits and rice middlins with respected Gullah chefs whose cuisine is the backbone of the city's bustling food scene.

THIS WEEK'S PICKS

Call the Midwife Season 9 Sundays at 8 p.m. beginning March 29

Enjoy an all-new season of this popular drama that provides a moving and intimate insight into the world of midwifery and family life in London's East End. The nuns and midwives of Nonnatus House encounter new challenges as the population shifts, rules change and old diseases return. Meanwhile, their own experiences are fueled by love, loss and doubt. In the premiere episode, Dr. Turner and Nurse Crane must deal with an alarming outbreak of diphtheria. Fred finds

an abandoned baby in a dustbin, and the team must help locate its mother.

Independent Lens: One Child Nation

Monday, March 30 at 10 p.m. China's one-child policy, the extreme population control measure that made it illegal for couples to have more than

one child, may have ended in 2015, but the process of dealing with the trauma of its brutal enforcement is only just beginning. From award-winning documentarian Nanfu Wang and Jialing Zhang, this documentary explores the ripple effects of the devastating social experiment, uncovering one shocking human rights violation after another — from abandoned newborns (almost always girls), to forced sterilizations and abortions, to government abductions. The Chinese government's relentless campaign of propaganda brainwashed its citizens into committing unspeakable crimes. Featured is the midwife who delivered Nanfu and all of the babies in her village, who estimates that she performed 60,000 abortions while the policy was in effect.

REWIND SPOTLIGHT Africa's Great Civilizations

Monday - Wednesday, March 2-4 from 8 p.m.- 10 p.m.

In this three-part, six-hour documentary series, Henry Louis Gates, Jr., travels the length and breadth of Africa to chronicle the continent's history from a firmly African perspective. His journey takes him from the city of Great Zimbabwe to the pyramids of the Kingdom of Kush in Sudan, from the spectacular rock-hewn churches of Lalibela in Ethiopia to the continent's oldest university in Fez, from the Blombos Caves in South Africa to Ancient Mali, the empire of King Mansa Musa. Gates chronicles a sweeping 200,000-year journey of discovery, showing the complexity, grandeur and diversity of many millennia of undiscussed and unknown details about Africa's compelling and dramatic history. *Repeats Thursday - Saturday, March 5-7 from 8 p.m. - 10 p.m.*

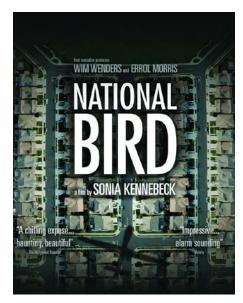

JACKPOT! SPOTLIGHT Independent Lens: National Bird Sunday, March 15 at 10:30 p.m.

Follow the dramatic journey of three former soldiers who are determined to break the silence around one of the most controversial current affairs issues of our time: the secret U.S. drone war. At the center of the film are two courageous women, a drone-target analyst and a retired intelligence officer, who connect with a former NSA analyst to become whistleblowers on the drone program, risking backlash. Plagued by guilt over participating in the killing of faceless people in foreign countries, they decide to speak out publicly, despite the possible consequences.

WORLD SPOTLIGHT WORLD Channel – New! Beginning March 1

As of March 1, the WORLD Channel will replace MHz Worldview on Cox cable 114, as the distributor of the MHz Worldview has decided not to offer the channel to public television stations in the U.S. We are excited to bring a new channel in its place, and hope you enjoy all it has to offer. WORLD is committed to reaching diverse communities and providing a platform for unheard voices with news, information and compelling storytelling from local communities across the U.S. and trusted international sources. Devoted to telling stories that humanize complex issues, WORLD shares the best of public media in news, documentaries and fact-based informational programming that helps us understand conflicts, movements and cultures that may be distinct from your own.
