THIS IS OUR STORY.

# PLAN. LAUNCH. MANAGE. GROW.

“About eight years ago, Meadows Bank helped me with a business loan and line of credit to move offices and establish my own practice. Recently they contacted me as soon as the SBA programs were announced and worked round the clock to get my PPP loan approved and funded in the first round, while many of my colleagues sat waiting for their banks to even respond to their request. With Meadows Bank in my corner, I never feel like the little guy. Because they know me and I know them, I feel like they put me and my business at the ‘top of the pile’.”

# MESSAGE FROM OUR PRESIDENT & GENERAL MANAGER

## Renewed Energy for the Year Ahead

The strength and resilience of the Southern Nevada community is unlike any other. As I begin to call Southern Nevada my home, I am honored to be taking the reigns as the new president and general manager of Vegas PBS. Planning to move and start my new tenure in this role amidst a global pandemic could have been daunting, but there is a certainty in the mission of Vegas PBS that provides confidence in the future. When I was interviewing for this position, I was inspired by the Vegas PBS mission **to create an informed and engaged community through high-tech, high-touch experiences that educate and empower individuals and organizations.** Over the years I have seen that mission expressed. I am excited to lead this forward-facing organization that is committed to bringing people together through new virtual platforms and providing services to those who need them most.

**“I am excited to lead this forward-facing organization that is committed to bringing people together through new virtual platforms and providing services to those who need them most.”**

I could not be more motivated by the work Vegas PBS accomplished in response to the current health crisis and in responding to the needs of the communities it serves. For 26 years Tom Axtell worked tirelessly to achieve meaningful and long-lasting accomplishments for the station in the local and national public media arenas. I have long admired Tom's work. His capacity for impact at the station and within the national PBS system created a tremendous legacy that we will continue to build upon.

I am looking ahead with new perspective and tremendous optimism for 2021. As a supporter of Vegas PBS you provide the backbone of our success, and I am looking forward to meeting

you when we can gather again.

Our promise to bring you valued, trusted, and essential programming has not changed. Always committed to diversity, equity, and inclusion, this month we bring additional programming that celebrates African American History Month. **The Black Church: This is Our Story, This is Our Song** will premiere on **Tuesday, February 16 and 23, at 9 p.m.** This two-part series from executive producer, host and writer Henry Louis Gates, Jr. reveals the broad history and culture of the Black church and explores African American faith communities on the frontlines of hope and change. History fans can enjoy **Africa's Great Civilizations** on **Sunday, February 21 starting at 9 a.m.** This six-hour series takes a breathtaking journey through two hundred thousand years of history, showing how Africans have helped shape our world today.

Science aficionados will enjoy **Beyond the Elements on NOVA**, a 3-part mini-series beginning on **Wednesday, February 3, at 9 p.m.** Follow a worldwide quest to find the key molecules and chemical reactions that have paved the way for human civilization, life, and even the universe as we know it. Among our local titles, if you missed the premiere of **The Showgirl: A Las Vegas Icon** in September of last year, you can catch it again on **Friday, February 19, at 9 p.m.** This Vegas PBS documentary features former showgirls and Las Vegas Strip headliners, as they reveal the glamorous history of an iconic, yet now rare, symbol of Las Vegas show business.

We begin the year with a new energy and excitement for what is ahead. Your support of our public television station and services makes it all possible. I look forward to meeting you, our loyal members and supporters, face-to-face soon. Until then, stay safe and be well.

## Why I Support Vegas PBS...

# 1st Call Pet Cremation

Our company's support of Vegas PBS is imperative. I have two daughters — now both young women with families of their own — who watched and learned from PBS supported shows like **Mr. Rogers Neighborhood** and **Sesame Street**, as children. My late mother's favorite television show was **Lawrence Welk** and **Famous Kitchens on CREATE**. Today, as a business partner of Vegas PBS we view our commitment on par with paying a "past due" invoice for all the wonderful contributions Vegas PBS has made to enrich lives. Vegas PBS is a relevant and all-important member of the village that has raised our children while providing joy, education and enrichment through the arts. Our Las Vegas based corporation could not be prouder of our relationship with Vegas PBS. The mission and the endeavors their team undertakes is amazing. From our team to yours, thank you Vegas PBS for all you have provided and continue to accomplish.
